

ACATIS QILIN MARCO POLO ASIEN FONDS

AS OF: JANUARY 31, 2021

Equity fund Asia with focus on China, aggressive

MARKET COMMENTARY

The fund gained 6.6% in January and the benchmark index gained 3.0%. Since inception in June 2019, the fund gained 69.8% and the benchmark index gained 26.3%, resulting in outperformance of 43.5%. Tencent Music Entertainment (+38.3%), Fuyao Glass (+22.8%), and China Merchant Bank (+21.5%) were the best-performing stocks in the fund, while Xinyi Solar (-16.1%), Fosun Pharma (-15.8%) and New Oriental (-9.6%) dropped the most in value. The share price of Tencent Music Entertainment, China's number 1 online music streaming platform benefited from two factors, 1) the acquisition of Lazy Audio, an audio platform focused on audiobooks, podcasts and radio shows that therefore has strong synergies and 2) plans for a dual listing in Hong Kong. The share price of Xinyi Solar, the world's largest solar panel glass manufacturer with an unrivalled efficiency and cost position, was negatively impacted by potential concerns on solar panel glass oversupply in 2021, particularly in light of its recent aggressive capacity expansion.

INVESTMENT OBJECTIVE AND - PHILOSOPHY

This actively-managed fund invests at least 51% in companies whose headquarters are located in Asia or whose business activities are concentrated in Asia. The investment universe includes mainly shares of Chinese companies that are eligible for investments through Stock Connect (Shanghai and Shenzhen), as well as Chinese companies that are listed outside of the Chinese mainland. Also shares of other Asian countries, e.g. Japan, India, Indonesia, Vietnam, Thailand, Malaysia and Korea. Management is assisted by local research partner Qilin. The MSCI AC Asia GDR (EUR) is used as a reference index. The fund does not strive to depict the reference index, but rather aims for absolute value growth that is independent of the reference index. The fund may enter into derivative transactions to hedge asset positions or generate higher values.

SUSTAINABILITY IN THE FUND

PERFORMANCE VS. BENCHMARK

TAKING INTO ACCOUNT THE ISSUE PREMIUM

The performance information for this fund and the published redemption prices show the gross value development. The costs for fund management, depositary, audit etc. have already been deducted. Other costs are added: The custodian bank may charge the investor annual depositary fees. And: When the fund is purchased, the broker or bank may deduct an issue premium. For example, an issue premium of 5% reduces a gross investment amount of EUR 1,000 to a net investment amount of only EUR 952.38.

PERFORMANCE AS OF END OF MONTH IN PERCENT
